Standing Instructions will be applicable to all credit cards and instalment facility (EMI or loan availed on your Credit Card) linked to the Credit Card account⁸. It will facilitate repayment across primary and supplementary cards including instalment facilities linked to the Credit Card account.

Illustration of Credit Card account⁸ structure is given below:

Credit Card Account No. 101XXXXXXXXX1234	Manhattan Card No.: 4541XXXXXXXX1234
	Ultimate Card No.: 5444XXXXXXXX1234
	Instalment Loan / Instalment Plan Summary: XX123X
Credit Card Account No. 101XXXXXXXXX5678	EaseMyTrip Card No.: 4940XXXXXXXX1234
	DigiSmart Card No.: 4622XXXXXXXX1234

2. Levy of Interest: Note: Monthly payments will be applied first towards meeting the previous outstanding amounts.

Option	How Interest will be levied	Example
1. If FULL payment of Total Outstanding is made every month before Payment Due Date.	No Interest will be charged [#]	
2. If PARTIAL payment of Total Outstanding is made every month before Payment Due Date.	Interest will be charged for all transactions incurred in the current statement from the transaction date till the Statement Date.	1st Aug: Statement with previous outstanding of ₹ 10,000 with payment due date of 18 th Aug; 15th Aug: Transaction for ₹ 3,000; 18th Aug: Payment of ₹ 8,000 received; 1st Sep: Current statement generated with interest charges for a) ₹ 10,000 from 2 nd Aug to 17 th Aug, b) ₹ 2,000 from 18 th Aug to 1 st Sep, c) ₹ 3,000 from 15 th Aug to 1 st Sep.
	The closing balance in the previous statement will attract interest, from one day post the Statement Date till one day prior to the date of payment, in the current statement. The balance after payment will attract interest from the date of payment till the Statement Date.	
3. If you usually make PARTIAL payment, but in the CURRENT month you have made FULL Payment of the Total Outstanding before the Payment Due Date	The closing balance as per your previous statement will accrue interest until the date of payment	Previous Statement Date: 1 st Aug: Statement generated with outstanding of ₹ 10,000 with payment due date as 18 th Aug; 15 th Aug: Payment received for ₹ 10,000. ₹ 10,000 will attract interest from 2 nd Aug to 14 th Aug (13 days in August)

[#]Does not include Cash transactions

[^] Interest debited in this case will be = 10,000 x 3.75% x 13/31 = ₹ 157.26

3. **Annualized Percentage Rate (w.e.f. 1 May 2021):** The monthly interest rate is annualized to arrive at the annualized percentage rate (APR). Monthly interest rate of 3.75% pm is annualized to arrive at an APR of 45% for all Standard Chartered Credit Cards. However, for all instant credit card variants, the monthly interest rate is 1.99% pm (APR of 23.88%). Cash transactions will attract an interest rate of 3.75% pm (APR of 45%).
4. **Minimum Amount Due ("MAD"):** The minimum amount due every month shall be higher of the following (a) 5% of statement outstanding or (b) sum total of all installments billed, interest, fees, other charges, amount that is over limit and 1% of the principal or (c) ₹ 250. In case you have an unpaid minimum amount due from the previous month, the same will be added to the minimum amount due for the current month (as calculated above).
In case of default or if the statement balance is less than ₹ 250 the entire outstanding amount may have to be paid. If you spend ₹ 10,000 and pay back exactly the MAD every month, it will take approximately 6.5 years to pay back the complete amount. We therefore suggest that whenever your cash flow allows you, do pay back substantially more than your minimum payment due.
5. **Interest-free (Grace) Period:** The Payment Due Date on your Card can be between 18 and 25 days after the Statement Date (*Please check your statement for your exact Payment Due Date*). Therefore, the interest-free credit period can range from 18-48 days to 25-55 days depending on your Payment Due Date. The interest-free period does not apply for cash advances and revolving balances. For these, interest is charged from the date of the transaction. We reserve the right to change this interest-free period by giving you notice.
Example: Assume that your Statement Date is 2 Nov (covering transactions billed between 3 Oct and 2 Nov) and your Payment Due Date is 24 Nov. You have paid the total amount due by 24 Nov (making you eligible for interest-free period). In this case, the Payment Due Date is 22 days after the Statement Date and the interest-free period will range from 22-52 days. • For a transaction billed on 3 Oct, the interest-free period is 52 days (from 3 Oct to 24 Nov) • For a transaction billed on 2 Nov, the interest-free period is 22 days (from 2 Nov to 24 Nov)
6. **Raising transaction dispute for Electronic Banking Transactions**:** You have to promptly report any unauthorized transaction including electronic banking transaction** on the credit card to the Bank either through Phone Banking, Email Channel, Online Banking or Branch, ensuring that there is no delay in reporting. Your liability for the unauthorized transaction due to third party breach will be determined in accordance with the Bank's Policy on Limited Liability of Customers in Unauthorized Electronic Banking Transactions ("Policy"), which is available on the Bank's website at <<https://av.sc.com/in/content/docs/in-limited-liability-noteonwebsite.pdf>>. Your 'liability' is linked to the timeframe within which you report any unauthorized transaction on the credit card to the Bank, and more details on that are available in the Policy. If the investigation done by the Bank is incomplete or inconclusive within 10 working days from the date of notification by you of the unauthorized transaction, the Bank will provide a provisional credit or a shadow credit of the disputed amount to you (in accordance with the Policy). The provisional credit or shadow credit shall be value dated (subject to the unauthorized transaction being reported to the Bank within 7 working days) to be as date of the transaction as undertaken on your credit card, so that there is no interest for this transaction. If the investigation outcome reveals that there has been negligence/ compromise of the secured credentials by you, then the provisional credit or the shadow credit will be reversed by the Bank and interest/charges will be applicable as per terms.
**Electronic banking transactions can be divided into two categories. • Remote/ online payment transactions (transactions that do not require physical payment instruments to be presented at the point of transactions e.g. Internet banking, mobile banking, card not present (CNP) transactions), Pre-paid Payment Instruments (PPI), and • Face-to-face/ proximity payment transactions (transactions which require the physical payment instrument such as a card or mobile phone to be present at the point of transaction e.g. ATM, POS, etc". If a credit card has not been activated or used within 30 (thirty) days of card open date, the Bank shall intimate the cardholder about non-usage or non-activation of the card and request the cardholder to activate or start using the card within 7 (seven) days from the date such intimation. If the cardholder does not start using the card within a period of 7 (seven) days, the card account shall be closed by the Bank. If a Card has not been used for a period of more than one year, the Bank will initiate the process to close the Card. Due intimation shall be provided to you and if no reply is received from you or you don't use your card within a period of 30 days, the card shall be closed.
